WOMEN'S PROGRAM: FUNDING REPORT

Introduction

The Women's Program of the Department of the Secretary of State is the primary federal program responsible for providing financial assistance to women's groups and other voluntary organizations for activities and projects designed to improve the status of women in Canada.

The information contained in the following pages is, in essence, a report on funding provided by the Program over a six-month period, and will be followed by regular semi-annual reports.

While the report stops short of describing the funded activity in detail - an overwhelming task, as we hope you will appreciate - it does identify the activity by project title, giving some indication of the work being carried out.

In its own way, we hope that this information will assist in furthering awareness of regional activities, and encouraging an exchange between groups which share a common commitment to bringing about positive change for all women.

PROGRAMME DE PROMOTION DE LA FEMME: RAPPORT SUR LE FINANCEMENT

Introduction

Le Programme de promotion de la femme du Secrétariat d'État est le principal programme fédéral ayant pour mission de financer les activités des groupes de femmes et d'autres organisations bénévoles en faveur de l'amélioration de la condition féminine.

Les pages qui suivent constituent essentiellement un rapport sur l'aide financière consentie par le Programme sur une période de six mois, le premier d'une série de rapports semestriels sur le financement.

On n'y trouve pas une description détaillée du projet financé - c'eût été, vous en conviendrez, une tâche énorme -, mais les titres des projets devraient permettre de se faire une idée de la nature des activités.

Nous espérons que ces renseignements contribueront à faire mieux connaître les activités régionales, favorisant ainsi les échanges entre les groupes qui partagent le même désir de promouvoir l'avancement de la femme.
